Erratum: Language Models Can Resolve Reference Compositionally, But It's Not Their Native Strength: The Case of the Personal Relation Task

Bart Evelo **Meaghan Fowlie** **Denis Paperno**

We forgot to add the acknowledgments; please see below.

Acknowledgements

The research has been conducted with the support of the Institute for Language Sciences and the Center for Digital Humanities at Utrecht University. We thank Raffaella Bernardi, Kees van Deemter, Pablo Mosteiro, action editor Nathan Schneider, anonymous reviewers, and the audience of IWCS 2025 for helpful feedback on earlier versions of this work.
