[3] CassandraOMalley (Female): "Oh good. You're not shooting at me. That's a start."
[4] CassandraOMalley (Female): "It's been a bit of a day, so I'll get to the point. Yes, I have Crane's research. No, I'm not giving it back. Sorry to disappoint you."
[51] Player: "You've got the wrong idea about me."
[5] Player: "Anton wants a problem fixed. I imagine he means you."
[52] CassandraOMalley (Female): "I suppose it does not matter. Either Crane sent you, or you are some scavenger come to rob me in my moment of weakness."
[6] CassandraOMalley (Female): "Yes, I imagine he does. But we all have problems - it is the human condition. I am myself ensnared in this wretched place."
[53] CassandraOMalley (Female): "Let's make a deal. I'd like to go on living. You'd probably like to make some money. Help me get out of here, and I will pay you for your trouble."
[11] CassandraOMalley (Female): "You want to kill me. I don't want to die. Therefore, it is in my best interest to negotiate with you. Help me get out of here, and I will pay you for my life."
[54] Player: "Why are you down here?"
[80] Player: "You're going to have to make me a better offer."
[76] Player: "We're not friends. If you expect me to help you, I expect you to hand over that research."
[55] CassandraOMalley (Female): "Same reason you are, more than likely. I imagine we picked up the same tip. Secret research facility, abandoned town, minimal security?"
[372] CassandraOMalley (Female): "You're asking a great deal from me. This research is my only bargaining chip."
[85] Player: "Doesn't look minimal security to me. Or abandoned."
[86] Player: "I'm not a bandit like you."
[57] Player: "No, I'm tracking down a distress call."
[373] Player: "You're in no position to bargain."
[374] Player: "You need my help more than I need yours."
[375] Player: "Then I suggest you hurry up and make your case."
[377] CassandraOMalley (Female): "You're not wrong. Help me get out of here, and I might be willing to hand over my research."
[132] CassandraOMalley (Female): "Oh, please. I'm not shaking down valuables from hapless travelers. I'm stealing corporate secrets. "
[87] CassandraOMalley (Female): "No, but it is a secret. Well-hidden. Off the map. Any place worth hiding is worth raiding."
[133] Player: "What kind of secrets are we talking?"
[58] CassandraOMalley (Female): "Crane actually sent out a cry for help? Oh, the poor bastard, seeing his life's work snatched from him. It must be like losing a child."
[135] CassandraOMalley (Female): "This is an underground lab. Off the radar. That means their research is secret, and secrets are always valuable."
[134] Player: "I'm not interested in helping you."
[88] CassandraOMalley (Female): "Granted, diet toothpaste is not exactly what comes to mind when I imagine secret research and underground labs."
[91] Player: "Nothing wrong with taking care of your teeth."
[264] Player: "I'm done listening to this. You're on your own."
[63] CassandraOMalley (Female): "Diet toothpaste. Can you imagine a more pernicious example of corporate materialism? I do not know what is worse - working here or dying here."
[64] Player: "So you went through all this trouble to steal a formula for ... diet toothpaste."
[94] Player: "I'm glad you're finding time for soul-searching, what with being moments away from death."
[65] CassandraOMalley (Female): "What matters is that I have been lied to. I was led to believe this was a high-priority corporate facility hiding valuable research."
[97] CassandraOMalley (Female): "And I am glad you have the luxury of sarcasm, whereas I have been made to spend my day listening to my crew die to corporate guns and hungry rapts."
[96] Player: "I imagine you're about to find out. Goodbye."
[66] CassandraOMalley (Female): "This job was not supposed to end with me stuck in some wretched lab, smelling like rapts. So I would be very much obliged if you gave me a break."
[286] Player: "What's in it for me?"
[98] Player: "Forget it. You're on your own."
[81] CassandraOMalley (Female): "You mean other than the satisfaction of doing me a good turn? Trust me - I'll make it worth your while."
[82] Player: "I don't know. My while is worth a lot."
[83] CassandraOMalley (Female): "I am good for my word! You will be equitably rewarded, on my honor. But I will not haggle or bargain with you until you help me."
[12] Player: "Tell me what you need."
[20] CassandraOMalley (Female): "The first thing I need is a keycard to unlock my door. Then I'd need you to clear me a path out of here."
[18] CassandraOMalley (Female): "There are two ways out. The quickest is through the front door, but Cleo security's bottled up in there. If you don't want to shoot them, I suppose you could talk to them."
[19] CassandraOMalley (Female): "The other way out is through the loading bay, but you'd have to clear out the rapts for me. Then I could just slip out the back, sight unseen."
[31] Player: "I'm not about to run errands for some pompous bandit."
[111] CassandraOMalley (Female): "You and I are on the same side. We both possess the means to fight back against a tyrannical and oppressive corporate regime."
[114] Player: "The corporate regime has been generous to freelancers like me."
[112] Player: "You aren't going to be fighting much of anything stuck down here."
[118] CassandraOMalley (Female): "Then you are nothing more than a hired gun. No better than an inanimate object, with no will or spirit of your own."
[46] Player: "Being a hired gun is good work. It's always a seller's market."
[102] Player: "I'm through talking."
[47] CassandraOMalley (Female): "Say what you please. So long as you are on the establishment's payroll, you are nothing more than a confederate to tyranny."
[119] Player: "At least I'm not trapped in an underground lab because I botched a raid."
[115] CassandraOMalley (Female): "We are all of us trapped. You, me, the scientists. This is not a colony. It is a slave camp. "
[120] Player: "And you're just a two-bit bandit who likes to put on airs."
[116] CassandraOMalley (Female): "Yes. We raided the lab. Shot some guards. Killed a few scientists in the crossfire. But it was all for a higher cause."
[48] Player: "I'm not about to be lectured on morality by some jumped-up bandit."
[251] Player: "The corporations don't care about the cause. Whatever you tear down, they can rebuild."
[117] Player: "So you're a murderer with a conscience."
[252] CassandraOMalley (Female): "Then we will tear it down again. Do you know what propaganda by the deed means? It means we set an example by our actions. It means we send a message."
[108] CassandraOMalley (Female): "All wars have casualties. I regret taking a life, but we were doing them a mercy. Better to die than live in a state of slavery."
[110] Player: "I'm done talking to you."
[253] Player: "What makes you think anyone's going to listen to your message?"
[109] Player: "You're pretty conceited for a common bandit."
[254] CassandraOMalley (Female): "Because it is fun. You have not lived until you have taken a hammer to the establishment."
[49] CassandraOMalley (Female): "I prefer "freedom fighter," but I will not quibble over semantics. "
[255] CassandraOMalley (Female): "Come on now. Do you want to be dull and boring and servile like everyone else? Or do you want to break some rules?"
[288] CassandraOMalley (Female): "Come on now. Do you want to be dull and boring and servile like everyone else? Or do you want to break some rules?"
[50] Player: "Forget it. I'm not helping you."
[294] Player: "<Attack> Or I could just shoot you and skip all the hassle."
[353] Player: "All right. I'll help you out."
[34] Player: "I'm going to need a good reason to risk my neck for you."
[77] CassandraOMalley (Female): "Think it over. I am not going anywhere. Which is, I suppose, rather the point."
[400] CassandraOMalley (Female): "You might be the first stroke of luck I've had all day. Thank you. I'm in your debt."
[185] CassandraOMalley (Female): "Outstanding. I knew you would come around."
[186] Player: "Don't flatter yourself. I expect you to pay me for my trouble."
[187] Player: "This doesn't make us friends."
[189] CassandraOMalley (Female): "On my honor, you will be well-rewarded."
[190] CassandraOMalley (Female): "I do not have friends. I have associates."
[188] Player: "Sit tight."
[78] CassandraOMalley (Female): "Take your time. I am, to my chagrin, not going anywhere."
