[103] Zora (Female): "Captain. We should chat."
[104] Zora (Female): "Graham's got the right idea, but he isn't the right guy to execute it. I don't even think he's motivated by Philosophism anymore. I think he's just... guilt-ridden."
[105] Zora (Female): "I... can't believe I'm even saying this, but... I keep going over and over it in my head, and the only way I see the Iconoclasts surviving is... we depose him."
[107] Player: "And you'd run it in his stead?"
[106] Player: "I'm with you there. Let's go talk to him."
[109] Zora (Female): "Yeah. Hell, most of our people listen to me already."
[112] Player: "And what's next? What will you do when you're in charge?"
[113] Player: "Fair enough."
[110] Player: "The Iconoclasts may take your orders, but most of them believe in him and his teachings."
[116] Zora (Female): "Take Stellar Bay. Lick our wounds. Eventually figure out how the hell we're going to spread the word to the rest of the colony."
[477] Zora (Female): "I'm going to confront him. Can I count on your support?"
[114] Zora (Female): "Sometimes, you gotta do what's best for someone even if they think you're wrong. Even if it's painful. When we're in Stellar Bay... they'll come around."
[108] Player: "I'm not going against Graham."
[478] Player: "Yes. Let's go talk to him."
[117] Zora (Female): "It has to happen!"
[539] Player: "Fine. If you really think it's necessary."
[120] Player: "Graham's free to do what he thinks is right. Isn't that what this is all about?"
[214] Player: "I'm not doing this, Zora."
[118] Player: "Amber Heights was a long time ago. He's changed."
[127] Zora (Female): "Okay. Deep breaths. This is what's best, Zora. Time to save Monarch."
[125] Zora (Female): "You're right. And he's right. Don't get me wrong, Captain. I still believe in the message. The Iconoclast way is strong. But... right now, that's not enough."
[212] Player: "I'm going to need some time to decide."
[215] Zora (Female): "Dammit, Captain. I thought you and I were starting to see eye to eye."
[121] Zora (Female): "For the worse. I get him now. His guilt is so heavy that he's seeking absolution through Philosophism. It's become an obsession."
[122] Zora (Female): "I get it. This is a tough decision. I won't act without you, but we're out of time. Once you give us that targeting module, I gotta prepare to march."
[211] Zora (Female): "But it isn't going to come. And in the meantime, our people need a real leader."
