[3] MayVanNoy (Female): "Hope you're here to help. We only got so many bullets left and I ain't keen on using one on you."
[48] Player: "Graham sent me. I'm here to secure a printing press."
[87] Player: "If you guys are going after the printing press, then yeah, I'm here to help."
[58] Player: "Zora sent me to look for guys. Once I get you out safe, I'll see about that press."
[49] Player: "I'm here to secure a printing press, but that can wait. Let's get you out of here."
[55] AugustVanNoy (Male): "That's the mission. Thing is, I ain't so sure it's worth it anymore."
[159] AugustVanNoy (Male): "Thanks, but I ain't sure the mission is worth it."
[59] MayVanNoy (Female): "Thank the Eternal. We could use a hand."
[161] MayVanNoy (Female): "I appreciate the sentiment, stranger."
[56] MayVanNoy (Female): "You keep spewing that sulfur, I'm liable to leave you to the rapts."
[65] MayVanNoy (Female): "But... we can't leave without patching these guys up. Acker here is bleeding out and Jensen can't see straight."
[60] MayVanNoy (Female): "What my well-meaning idiot of a brother intends to say is: We appreciate the assist."
[62] Player: "Get back to Amber Heights. I'll take it from here."
[63] Player: "He's right. It isn't worth it. You clear out and I'll handle the press."
[67] MayVanNoy (Female): "Would that we could. We ain't leaving our men behind, and they ain't moving on their own."
[68] MayVanNoy (Female): "Our medic has got our trauma kit, but we got separated. We ain't seen him in a couple hours."
[70] Player: "Any idea where he went?"
[71] Player: "I don't have time to play doctor. You're on your own."
[94] MayVanNoy (Female): "Yeah, on account of giving him the order. He's searching the old settlement to the north of the press."
[95] Player: "No promises, but I'll keep an eye out."
[69] Player: "Got it. I'll see if I can find him."
