[4] PlayerShipAI (Female): "Captain, I've been attempting to contact you with urgent news. However, communicational functionality was impaired due to the power outage."
[37] Player: "I'm a little busy. Can this wait?"
[36] Player: "What's going on, ADA?"
[38] PlayerShipAI (Female): "Unfortunately, it cannot."
[5] PlayerShipAI (Female): "A UDL vessel has been tracking our position and just recently docked with the station. They are patching into the station's transmission lines now. I cannot stop-"
[32] PlayerShipAI (Female): "[Static] "
[6] 1002_UDL_Commander (Female): "I've been waiting for this day since we tagged your ship in Cascadia, Captain. So glad we finally have this opportunity. My ship is docked with Ten Eighty-Four. There's no escape."
[42] Player: "I think you've got the wrong guy."
[39] Player: "What do you want?"
[44] 1002_UDL_Commander (Female): "I think not. The refueling system at Cascadia's landing pad logged your ship ID."
[8] 1002_UDL_Commander (Female): "You've been poking your nose into restricted locations. This makes my superiors unhappy. I could peel your ship open like a can of boarst, but I'm in a sporting mood."
[43] Player: "<Cut the transmission.>"
[12] Player: "Would a cut of the profits change your mind? Say... <oeiglobal>Bribe_Amount</oeiglobal> bits?"
[13] Player: "You're about to make an enemy of SubLight. Trust me, you don't want that."
[25] Player: "What was that? You want me to hit this big "self-destruct" button?"
[14] Player: "You won't take me alive."
[45] 1002_UDL_Commander (Female): "An adequate sum. They must pay you smugglers better than I thought. "
[60] 1002_UDL_Commander (Female): "SubLight? Ugh. I hate it when you outlaws organize. The paperwork for killing you would be the death of me."
[59] 1002_UDL_Commander (Female): "I didn't say that. How did you gain access to that system? Stop it at once!"
[70] Player: "It's all commission, but the benefits are pretty good."
[71] Player: "You should consider a new line of work."
[61] Player: "Sorry. Better luck next time."
[62] Player: "Now I feel bad. Want to fight me anyway, off the record?"
[65] Player: "<Hit a random key.> Welcome to Hell, Commander. "
[74] 1002_UDL_Commander (Female): "Really? Hm. Call me intrigued."
[72] 1002_UDL_Commander (Female): "Can I do that? Why, I wouldn't even know where to begin..."
[63] 1002_UDL_Commander (Female): "Don't apologize. This is my problem, not yours."
[64] 1002_UDL_Commander (Female): "That's kind of you to ask, but we have a tight schedule. It's open season on trespassers."
[68] 1002_UDL_Commander (Female): "Nooo!"
[29] 1002_UDL_Commander (Female): "Let's act as if we never saw each other. Try and keep it that way, Captain."
[31] 1002_UDL_Commander (Female): "Squad, I'm ordering a recall. There's a... misspelling on our orders that ought to be corrected. On the double."
[69] 1002_UDL_Commander (Female): "Did you... did you hit it yet? What's happening in there?"
[66] Player: "Just kidding. Or am I? Want to find out the hard way?"
[30] 1002_UDL_Commander (Female): "I don't know who you are, but I have nothing to gain by risking my hide against a lunatic. Commander out."
[15] 1002_UDL_Commander (Female): "I assure you that was never my intention. See you soon, Captain."
[33] PlayerShipAI (Female): "[Static] "
[35] PlayerShipAI (Female): "The UDL gunship remains docked at the station. They must intend to board with a full squad of troops."
