[113] Celia (Female): "Have you talked to Sebastian yet? What did he say?"
[116] Player: "What do you see in this guy?"
[117] Celia (Female): "He doesn't talk much, but he's got this... quiet intensity, you know? Like there's stuff going on inside his head that you have no idea about."
[118] Celia (Female): "Plus, he's got great legs. It's hard to find a man who doesn't skimp on lower body exercises."
[125] Player: "That's... all I need to know."
[120] Player: "You really want to be with someone you can't talk to?"
[121] Player: "There are other fish in the sea, Celia."
[126] Celia (Female): "Sorry, sometimes I get carried away."
[124] Celia (Female): "You think that's what I'm looking for? Aw, you're funny."
[122] Celia (Female): "Not in Stellar Bay! Everyone else who isn't taken either smells like saltuna or they're my boss."
[114] Player: "He said he'll go on a date with you."
[128] Player: "I'll talk to you later."
[123] Celia (Female): "Besides, a man with a good smile and a proportionate upper-to-lower body ratio isn't something to pass up."
[141] Celia (Female): "Okay, but how did he say it? Did he sound excited? Or like he was just agreeing to it?"
[142] Celia (Female): "Was he like, "Yay, a date with Celia, I've secretly been waiting for this!" Or was it more, "Sure, I don't have anything else going on..." "
[143] Player: "He likes you, Celia. Just don't ask him for any discounts."
[144] Player: "Look, you've got your chance. Have fun and don't overthink it."
[145] Player: "All I know is that if you act this crazy, you'll send him running."
[146] Celia (Female): "Not to worry! If I never buy another raptidon tongue, it'll be too soon."
[147] Celia (Female): "Oh, I will! Now, I've just got to figure out which jumpsuit I'm wearing. And how I'm fixing my hair. Or maybe I should go with a casual look..."
[148] Celia (Female): "Right. I've just got to be myself. Just my normal self..."
[149] Celia (Female): "Ah, look at me going on. I'm sure you've got other things to do. And Mr. Nandi's giving me that back-to-work look."
[150] Celia (Female): "Anyhow, thank you! "
