[292] sanjar_nandi (Male): "What can I do for you?"
[839] Player: "I found your review on a terminal in the ARMS building..."
[840] sanjar_nandi (Male): "You weren't supposed to look! I asked you to delete it!"
[999] Player: "Sorry. It was already open."
[1000] Player: "You could have told me what was on that terminal. "
[1002] Player: "Yeah, you sent me into a raptidon-infested mess to clean up after you."
[1001] sanjar_nandi (Male): "Oh, yes. No doubt someone else was having a laugh at my expense before you."
[1004] sanjar_nandi (Male): "Yes, but then you would have known!"
[1003] sanjar_nandi (Male): "I didn't mean for any harm to come to you! "
[843] sanjar_nandi (Male): "This has been my albatross. The great shame of my career."
[1005] sanjar_nandi (Male): "I gave MSI everything - my work, my youth, my left kidney - and for years, I was a joke to them."
[1006] Player: "Your left kidney?"
[1008] Player: "That much was definitely clear."
[1321] sanjar_nandi (Male): "One of the executives required a transplant."
[1009] sanjar_nandi (Male): "I thought volunteering to donate might improve my prospects. "
[1012] Player: "You're insane."
[1010] Player: "Did it?"
[1017] sanjar_nandi (Male): "No, I'm a company man!"
[1013] sanjar_nandi (Male): "Apparently not."
[1018] Player: "That's what you get for giving so much of yourself over to a corporation."
[1007] Player: "Who cares what they think? You're in charge now."
[1019] sanjar_nandi (Male): "Perhaps they were right. After all, what have I built? Stellar Bay is barely keeping afloat. "
[1014] sanjar_nandi (Male): "In charge of a scrap heap of a city. Abandoned by the Board and surviving only through the hypocrisy of our trading partners."
[1021] Player: "Take it easy. You've kept this city running against all odds."
[1022] Player: "Do you want a medal? You're right, this place is a garbage heap."
[1015] Player: "And you've made it work. That's more than anyone can say for those execs."
[1016] Player: "When you put it that way, it does sound pretty pathetic."
[1020] sanjar_nandi (Male): "I hadn't thought of it that way. But perhaps there's something to that."
[1024] sanjar_nandi (Male): "Please, I can't think about this right now. Celia, schedule thirty minutes of inconsolable weeping later today."
[1023] sanjar_nandi (Male): "Thank you for that. Was there something else?"
[1025] Celia (Female): "I'll pad it out with an extra fifteen, sir."
[1026] sanjar_nandi (Male): "Now, was there something else you need?"
