[48] MaverickJohnston (Male): "That was brilliant stuff. Do you write your own material?"
[55] Player: "Just tell me what's next."
[53] Player: "You bet."
[80] Player: "Do raptidons shit acid?"
[56] MaverickJohnston (Male): "Hey, time is bits, right?"
[57] MaverickJohnston (Male): "Amazing. Just firm up that jawline and you'll be a triple threat!"
[54] MaverickJohnston (Male): "I'm gonna have to fire the writing staff. What do those anemic fuckwits know about dialogue, anyway?"
[58] MaverickJohnston (Male): "I'm thinking a whole new script. More pirates. Bigger explosions. You flicking a Stogie Slim into a barrel of gasoline - marketing says that kind of action sells tickets!"
[49] MaverickJohnston (Male): "Here, this is for your work today. I'll be in touch once we get that script!"
