[82] EdnaIngmire (Female): "My comm center already got an update ping from the backup relay. I trust everything went smoothly?"
[86] Player: "Here's your data backup."
[34] Player: "I'm off."
[89] EdnaIngmire (Female): "Thanks. Hm. That's odd. The only messages in the queue are encrypted ones."
[92] EdnaIngmire (Female): "Looking at the transmission logs, the relay hasn't received a single unencrypted message in the past 36 months. Must be on account of some new security red tape. "
[174] EdnaIngmire (Female): "Well, whatever's the cause, the Board and the Earth Minister will see it sorted."
[94] EdnaIngmire (Female): "Thanks again for saving my derrière. I secured quite the payment authorization for you from Chief Junlei. Try not to spend it all in one place."
