[102] sebastianadams (Male): "You look like a man who's looking for some mostly-fresh animal parts."
[108] Player: "Let's talk about Celia."
[110] sebastianadams (Male): "Oh. Haven't seen her in a few days, but I've been meaning to ask her how that raptidon acid is working out."
[112] sebastianadams (Male): "I hope it's working okay, because no one else really seems interested in this stuff."
[124] Player: "She likes you. "
[123] Player: "Would you consider going on a date with her?"
[125] sebastianadams (Male): "Nice of you to say. I like her, too."
[126] Player: "No, I mean she really likes you. "
[128] sebastianadams (Male): "And I gotta admire anyone with her passion for canid hides. But you don't have to butter me up."
[127] Player: "She's interested in you. Romantically."
[130] Player: "You idiot. I'm trying to tell you she wants to date you."
[129] Player: "Since you've got so much in common, maybe you should let her take you out."
[118] sebastianadams (Male): "Wait, I see what's going on. She put you up to this so she could get a discount, hm?"
[119] sebastianadams (Male): "Don't get me wrong. I'd like to give her a discount. She's a real fine lady. Always talks nice and slow so I understand."
[120] sebastianadams (Male): "But if I give her one, I won't hardly make a bit. On account of no one else having any use for raptidon tongues."
[113] Player: "She doesn't want a discount. She's attracted to you."
[122] Player: "Don't take my word for it. Spend some time with her - I promise she won't ask for a discount."
[121] Player: "Forget this."
[134] Player: "Consider this a <oeiglobal>Bribe_Amount</oeiglobal>-bit advance against lost business."
[117] sebastianadams (Male): "Nuh-uh. Lot of people think I'm not too bright, but you're not fooling me."
[136] sebastianadams (Male): "You sound pretty sure. And she is awful nice..."
[138] sebastianadams (Male): "I guess I could afford to take a risk..."
[131] sebastianadams (Male): "I know she can't get these goods anywhere else."
[137] sebastianadams (Male): "Okay. I'll do it. Once her shift ends, we'll go someplace nice. Maybe to Chef Raymond's."
