[19] Agnes_Needham (Female): "Oh, Captain, you did it! My little boy is back, safe and sound! Tell the Captain how grateful we are, Tuck-tuck!"
[21] Tucker_Needham (Male): "Mama, I told you that I'm not staying. I just came back to talk to you about why I left. Then I'm going back to Amber Heights."
[23] Agnes_Needham (Female): "Oh, we'll get that silliness sorted out. You're safe here with me, and that's how it's going to stay. Isn't that right?"
[110] Player: "You two need to work this out between you."
[111] Player: "Your son is a grown man. It's time you started treating him like one."
[112] Agnes_Needham (Female): "There's nothing to work out. My baby's back home and that's all there is to say on the matter."
[113] Agnes_Needham (Female): "What a sour thing to say. My little boy will always need me. I'm his mama, you know."
[92] Player: "You mentioned a reward for bringing Tucker home?"
[114] Tucker_Needham (Male): "No, mama. I have plenty to say about this. But that's between us. Now, you promised the captain a reward so settle up. Then you and me can have a long talk."
[115] Tucker_Needham (Male): "Mama, what I need is for you to listen to what I want for once. But that's between us. Now, you promised the captain a reward so settle up. Then you and me are going to have a long talk."
[95] Agnes_Needham (Female): "I did, didn't I? Suppose I can't expect you to just be content at a good deed done... No? Well, all right."
[97] Agnes_Needham (Female): "Here, kind stranger. This is every bit I've scrimped and scraped for years to save. But it's more than worth it to have my Tuck-tuck home safe again."
[99] Player: "Good luck to you both."
