[106] Celia (Female): "Hello again. How are you finding Stellar Bay? Can I help you with anything?"
[107] Player: "Earlier, I overheard you say you were having money trouble."
[88] Player: "Never mind."
[91] Celia (Female): "Not at all! Mr. Nandi treats us alright and pays us well. I just spent most of my paycheck on raptidon acid."
[92] Player: "Do you normally blow your money on raptidon parts?"
[111] Player: "Well, that was stupid."
[93] Celia (Female): "Laws, no! Sometimes it's canid teeth. Or mantiswarm wings. Whatever Sebastian has in stock, really."
[112] Celia (Female): "I didn't have any choice! That's all Sebastian had in stock the other day."
[94] Player: "Why are you buying so much from Sebastian?"
[108] Player: "If you've got that many bits to spend, then I've got some trash to sell you."
[95] Celia (Female): "So I can talk to him, of course! He doesn't get going about much else."
[109] Celia (Female): "Oh, I don't need any of it! It's all so I can talk to Sebastian - he doesn't get going about much else."
[110] Celia (Female): "Sort of the strong, silent type."
[96] Celia (Female): "Unfortunately, my apartment's kind of filling up with this stuff. And some of the neighbors are complaining about the smell. "
[97] Player: "Just ask him on a date."
[98] Player: "Maybe I can talk to him for you."
[99] Celia (Female): "I couldn't! What if he says no?"
[100] Celia (Female): "Hey, maybe you could ask him for me. I mean, a "no" would still be bad, but it won't be quite as embarrassing if you ask."
[105] Celia (Female): "Would you? I'd appreciate that so much. Umm, maybe don't tell him I wanted you to ask. Just that you met this really nice lady named Celia, and she seemed-"
[129] Player: "Wait. I'm curious - what do you see in Sebastian?"
[117] Celia (Female): "He doesn't talk much, but he's got this... quiet intensity, you know? Like there's stuff going on inside his head that you have no idea about."
[118] Celia (Female): "Plus, he's got great legs. It's hard to find a man who doesn't skimp on lower body exercises."
[121] Player: "There are other fish in the sea, Celia."
[120] Player: "You really want to be with someone you can't talk to?"
[125] Player: "That's... all I need to know."
[122] Celia (Female): "Not in Stellar Bay! Everyone else who isn't taken either smells like saltuna or they're my boss."
[124] Celia (Female): "You think that's what I'm looking for? Aw, you're funny."
[126] Celia (Female): "Sorry, sometimes I get carried away."
[123] Celia (Female): "Besides, a man with a good smile and a proportionate upper-to-lower body ratio isn't something to pass up."
[128] Player: "I'll talk to you later."
