[134] Zora (Female): "Well, Captain. Here we are. I've killed a lot of people in the name of the Iconoclasts, and it never feels right, but this time it's... especially wrong."
[135] Zora (Female): "You've got the... void help me, I'll never remember what that thing is called. The device from the ship. Do you have it?"
[176] Player: "Hold on. I was thinking you and Sanjar could join forces."
[138] Player: "Not yet. I'll be back."
[178] Zora (Female): "I've thought about it, but... I think we're too far gone. Pulling Carlotta's support was crossing a line."
[180] Player: "Neither of you can afford this fight. Monarch is going to devour the victor."
[179] Player: "How many of your believers are going to die for this?"
[183] Player: "Fair enough."
[181] Player: "Sanjar has corporate resources you could use to spread the message."
[187] Zora (Female): "Yeah, well, we'll die tryi - fuck. I sound like Graham. Throwing lives at a problem."
[185] Zora (Female): "I... you've got me there. A fair few."
[545] Zora (Female): "Anything else?"
[186] Zora (Female): "You know, Captain... I never thought about that. Maybe he could be taught the Eternal truth. Spread the message from within the corporations."
[227] Zora (Female): "We've lost a hell of a lot to this fight. Graham would never agree to this, but... I'm starting to realize how often he led us astray."
[189] Zora (Female): "All right. If he's willing to talk... I'll give him a chance."
[194] Player: "I've already spoken to him. He's agreed to meet."
[205] Zora (Female): "Well, then. I've got to prepare a few just-in-case measures, but when you're ready, let's meet at the old OSI church outside Stellar Bay."
