[1] ActorLeader (Male): "Well, well! Here to stop us at last, Captain Steele? You're too late! "
[98] ActorLeader (Male): "All of this settlement's C&P HungryTime Food Pills - same nutritional value, but now with added filler - are ours! "
[79] ActorLeader (Male): "With their patented stomach-stuffing effects and baseline vitamin content, we'll be nigh unstoppable!"
[2] Player: "Joke's on you, idiot. Those crates are just decoys."
[3] Player: "You foul pirate! I won't let you get away with this."
[4] Player: "Whatever, as long as you stop monologuing about it."
[5] ActorLeader (Male): "They- they are? "
[7] ActorLeader (Male): "Come on, stick to the script!"
[99] ActorLeader (Male): "...What an unexpected twist! You may have fooled me for now, but not for long!"
[6] ActorLeader (Male): "Here to stop us at last, Captain Steele? You're too- oh, sorry, I already said that."
[8] ActorLeader (Male): "Do you remember the last time we faced each other? The Battle of Axajaxx, staring one another down across the void of space while flaming debris fell like rain around us?"
[101] Player: "What of it?"
[102] Player: "<Remain stoically silent.>"
[103] Player: "The things you just described are scientifically impossible."
[106] ActorLeader (Male): "What indeed!"
[107] ActorLeader (Male): "I see you haven't changed a bit, Steele."
[105] ActorLeader (Male): "Hey, I didn't write this. Just go with it."
[100] ActorLeader (Male): "I had you surrounded and outgunned! But you overcame my superior numbers with tactical thinking and a Hammersmith Limited Edition Grenade Launcher!"
[82] ActorLeader (Male): "I've been waiting for five years now, and at last my day for vengeance has come!"
[83] Player: "You ran like a coward then. You'll run now if you know what's good for you."
[84] Player: "That's what you think!"
[111] Player: "<Exude wordless fury.>"
[85] Player: "Is this where we're dumping backstory? Because that should come up earlier."
[91] ActorLeader (Male): "I- oh, I just got chills."
[86] ActorLeader (Male): "We screen tested that, and the audiences forgot all about it!"
[117] ActorLeader (Male): "...But still, you'll not stop me now!"
[87] ActorLeader (Male): "Yes! It is!"
[116] ActorLeader (Male): "Yes, even you are powerless this time, Steele!"
[109] ActorLeader (Male): "I have this whole port wired with submicro energon transistors! "
[130] ActorLeader (Male): "Once we're away, I'll activate the gamma particulate field, and the quantoponic chain reaction will turn this whole place into vaporized plasma!"
[118] Player: "Not if I have anything to say about it!"
[115] Player: "<Say nothing, but make your eye twitch a little.>"
[113] Player: "Most of those words are made up, and the ones that are real don't work like that."
[121] ActorLeader (Male): "Oh, but there's nothing you can do!"
[112] ActorLeader (Male): "Speechless, I see! It is a flawless plan."
[119] ActorLeader (Male): "And I spent three hours learning how to pronounce them!"
[17] ActorLeader (Male): "I hope you've paid your burial fees and signed your personal death and dismemberment waivers, because this is the end for you!"
[18] Player: "No, it's the end for YOU."
[92] Player: "Let's see you try! "
[93] Player: "FINALLY."
[22] Player: "<Attack> Rehearsal's over."
[126] ActorLeader (Male): "You're not even taking this seriously!"
[70] ActorLeader (Male): "He's really shooting! Safeties off!"
[24] ActorLeader (Male): "I- Law, what a presence! I'm going to need a moment to match this energy."
[97] ActorLeader (Male): "I- line? Never mind, I think that's scene."
[94] ActorLeader (Male): "I refuse to work like this! I've done aetherwave spots for Wentsworth, I'll have you know."
[31] ActorLeader (Male): "To the break room, everyone! I need my Mo-App Fizzy Tea."
