[1] Carlotta (Female): "I don't know how you got those goons to leave, but thank you."
[22] Carlotta (Female): "Graham ordered rollers and whats-its, right? For a... printing press? Here. Take them."
[8] Carlotta (Female): "Like I said, this is my last run."
[40] Player: "Why did Sanjar ban you from working with the Iconoclasts?"
[11] Player: "<Attack> I'm just going to take everything you have."
[41] Carlotta (Female): "You'd have to ask him. All I know is that if I get caught, I'll get arrested."
[44] Player: "Why have you been helping Graham?"
[46] Carlotta (Female): "It's an enviable thing he's doing. Free people and all that. I can't live that way - I need my structure - but I respect the Iconoclasts for doing it."
[47] Player: "Where will they get their supplies now?"
[48] Carlotta (Female): "Law help them, I don't know. Maybe SubLight can lend a hand."
[49] Carlotta (Female): "I should go. Look, Graham's got a bit or two left in his account. I can send one last drop out before I wash my hands of this."
[50] Carlotta (Female): "What do you want delivered?"
[10] Player: "Graham's looking for some high-capacity data cartridges."
[9] Player: "Zora suggested extra food and medicine."
[51] Carlotta (Female): "Yeah, I've got a few. I'll send them along."
[53] Carlotta (Female): "I always took that woman for the sensible type. Good on her. I'll send some along."
[52] Carlotta (Female): "Give them all my regards, and... good luck out there. Don't go getting eaten."
