[69] Player: "I wanted to talk about that "opportunity" you mentioned."
[71] GladysCulkelly (Female): "Yes, dearie?"
[234] Player: "I'm ready to look into it."
[235] GladysCulkelly (Female): "Ain't that just a treat. So, you know Edna, over in Engineering? On occasion, she'll pass along transmissions I might find interesting."
[168] GladysCulkelly (Female): "She sent me a recording of a distress signal she'd scraped from the Groundbreaker's comm array."
[78] GladysCulkelly (Female): "Curious thing is, it came from an outpost called Roseway, and Auntie Cleo abandoned that place years ago."
[81] Player: "Maybe it's some sort of automated message."
[218] Player: "Why was Roseway abandoned?"
[82] GladysCulkelly (Female): "Edna didn't seem to think so, and I trust the dear girl's judgment - well, maybe not in men, but she knows her comms. So like as not, someone's been down there recently."
[219] GladysCulkelly (Female): "Can't say I know for sure. Maybe it never really was."
[83] GladysCulkelly (Female): "And if someone's set up shop in Roseway, I'd wager they got something to hide."
[225] GladysCulkelly (Female): "Those corps are cleverer than all get-out - might've been a ruse to keep the rest of the Board from sniffing around."
[99] Player: "Sounds like an "opportunity," all right."
[101] Player: "If they're hiding something, won't they be liable to shoot on sight?"
[84] Player: "If it's a corporate town with something to hide, why the SOS?"
[100] GladysCulkelly (Female): "I appreciate a man who knows one when he hears it."
[102] GladysCulkelly (Female): "Quite the opposite, I believe. Nothing terribly secret about gunfire, is there?"
[85] GladysCulkelly (Female): "Maybe whatever they're hiding went to heck, and now they need a few spare hands to clean up the mess."
[86] GladysCulkelly (Female): "If you should find a secret worth selling, might be I could find a buyer. Corporate bigwigs'll pay top bit for inside information on their competitors."
[213] Player: "Say no more. I'm in."
[313] GladysCulkelly (Female): "The more we got the corps fightin' each other, the less time they got to meddle in our affairs."
[254] GladysCulkelly (Female): "You've got an ear for intrigue and a nose for bits. I like that. Here's a copy of the SOS recording."
[94] Player: "My services don't come cheap."
[88] Player: "So you need someone to snoop around for you?"
[95] GladysCulkelly (Female): "Neither do mine, dearie. Old Gladys knows the value of good work. You'll be compensated accordingly, I can promise you that."
[89] GladysCulkelly (Female): "My goodness, aren't you quick on the uptake. I like that."
[90] GladysCulkelly (Female): "Should you find yourself responding to a certain distress call, and in so doing find yourself in possession of certain valuable corporate secrets, well..."
[312] GladysCulkelly (Female): "Um... Dear me, I had it right here a moment ago."
[170] GladysCulkelly (Female): "Then we ought to have a chat over a pot of tea and my famous cookies."
[91] Player: "I'll stop by if I find anything."
[171] Player: "You can count on me!"
[93] Player: "This sounds shady. No thanks."
[92] GladysCulkelly (Female): "Law bless your atoms. Here's a copy of the SOS recording complete with the coordinates."
[97] GladysCulkelly (Female): "We don't all have the stomach for skulduggery - I understand. Be a dear and come see me again if you change your mind."
[172] GladysCulkelly (Female): "Don't forget to come find old Gladys when you're done."
[255] GladysCulkelly (Female): "Goodness, I've no idea where it's gone. And I had Edna wipe the logs so no one else could find out about it, too. I'm sorry for wasting your time."
[72] GladysCulkelly (Female): "Well, I find I'm in need of a ship captain with a little... moral flexibility? Might be this could help out the Groundbreaker, as well as earn some bits. But if you've got qualms..."
[43] Player: "Let me see what you've got for sale."
[7] Player: "Thanks for your time."
[73] Player: "No qualms here. Let's hear the details."
[290] GladysCulkelly (Female): "Any time, sweetheart. You know where to find me. Here, take a candy with you."
[291] GladysCulkelly (Female): "Any time, sweetheart. You know where to find me."
[77] GladysCulkelly (Female): "Do you know Edna, over in Engineering? Sweet as a pea, that one. On occasion, she'll pass along transmissions I might find interesting."
