[326] Anton (Male): "My research? Please tell me you've recovered it."
[327] Player: "Yes, here it is."
[328] Player: "I have not."
[727] Player: "No, I'm keeping it."
[746] Anton (Male): "That's... you can't possibly understand the enormity of what you've done for me. "
[329] Anton (Male): "That's all manner of distressing. There truly is nothing left for me..."
[597] Anton (Male): "Keeping it? But why? Do you expect there is a black market for toothpaste formulae? "
[243] Player: "It was no trouble."
[599] Player: "I'm sure I can find someone who will pay for it."
[600] Player: "No reason, just want to mess with you."
[210] Anton (Male): "Excellent. If we're done here, I'd like to get back to work. You understand."
[212] Player: "Of course."
