[1] HPSClerk (Female): "Welcome to Halcyon Parcel Service. Deliveries guaranteed within standard margins of accuracy!"
[2] HPSClerk (Female): "How may I be of assistance?"
[3] Player: "What exactly do you do here?"
[72] Player: "Celeste Jolicoeur sent me. I'm here to sign for a parcel."
[4] HPSClerk (Female): "Halcyon Parcel Service is the most dependable parcel delivery service in the colony. You might even say we're part and parcel of Halcyon's commercial enterprise!"
[73] HPSClerk (Female): "If you would like to sign for a parcel, please go to Window B."
[42] HPSClerk (Female): "That's just a little parcel joke."
[43] Player: "So if someone needed a package delivered, they'd come here?"
[44] HPSClerk (Female): "Nope. Just parcels. We don't deal in packages."
[45] Player: "What's the difference?"
[46] HPSClerk (Female): "It's very technical. Halcyon Parcel Service strictly adheres to the standards and definitions of packaging as outlined by the Executive Ministry of Accuracy and Morale."
[47] HPSClerk (Female): "We can ship all the parcels you want. But if I start shipping packages, I could get into some real trouble. Handcuffs and hard labor trouble."
