[68] AlonzoVallejos (Male): "Well, you're obviously not from around here. I don't believe I've ever seen visitors in the Bureau before, come to think of it."
[88] Player: "Yeah? What gave it away?"
[89] Player: "I'm just here to take in the sights."
[90] Player: "You don't know that. Maybe I work here."
[94] AlonzoVallejos (Male): "If you were from around here, you'd probably be off enjoying yourself in Prosperity Plaza, not poking around the Bureau."
[95] AlonzoVallejos (Male): "Are you serious? You're a sight-seer? I didn't know people like you even existed! Oh, this is just too perfect."
[91] AlonzoVallejos (Male): "You don't look nearly bored enough to work here. Believe me, I know everyone here by face."
[96] AlonzoVallejos (Male): "Alonzo Vallejos. Extraordinarily pleased to make your acquaintance, and so on, and so forth."
[97] AlonzoVallejos (Male): "I'm currently operating a sightseeing tour, of sorts. Think of it as a guided journey across Halcyon. Would you be interested in a trial run?"
[99] Player: "How does this work?"
[106] AlonzoVallejos (Male): "Glad you asked! Our tour guides you across some of the most picturesque and breathtaking sights around Halcyon."
[107] AlonzoVallejos (Male): "We've placed some beacons across a series of locations around Halcyon. All you have to do is follow the beacons... to adventure!"
[110] AlonzoVallejos (Male): "That slogan's a work in progress. So, what do you think? Are you interested?"
[112] Player: "I've seen plenty of Halcyon already. I'm not impressed."
[119] AlonzoVallejos (Male): "Well then! That just makes you the perfect test subject. If my guided tours can impress you, they'll impress anyone."
[111] Player: "All right, I'll help you."
[118] AlonzoVallejos (Male): "Outstanding! Here, you'll need this special triangulating device. Think of it as a wireless compass, pointing the way to the next beacon."
[121] AlonzoVallejos (Male): "When you find a beacon, this device records your discovery and directs you to the next stop on your tour."
[122] AlonzoVallejos (Male): "Find every beacon, finish your tour, and come back here to claim your commemorative hat. Simple!"
[123] Player: "All right. I'm off."
[124] Player: "I'm starting to regret this already."
