[67] ZoeChandler (Female): "Wow. You crossed 'em all off. Like some sort of heroic accountant running down a list. Teach me your ways?"
[68] Player: "You're Zoe? Your people are looking for you."
[71] Player: "Not for free."
[72] ZoeChandler (Female): "What, you mean Adelaide's little congregation of nature-loving nobodies? I could not possibly be less interested in them."
[76] ZoeChandler (Female): "Aw. Well, that's a shame. I mean I could pay you in Adrena-Time, but I've already bartered most of my stash over to these poor saps."
[73] ZoeChandler (Female): "You, on the other hand. You were a sight to behold. If I had half your skills, I'd be the greatest outlaw the coast has ever seen."
[2] ZoeChandler (Female): "What I wouldn't do for a Wentsworth."
[3] Player: "I've been sent to find you."
[15] Player: "You should go back. People are worried."
[5] ZoeChandler (Female): "Why? Adelaide wants me back on garden duty or something? Thanks, but I'm not going anywhere. This is where I belong."
[23] ZoeChandler (Female): "I doubt that. Nobody in that camp really cared about me."
[47] Player: "What about Stefan? You two were friends."
[48] Player: "Stefan's planning to surprise you with an episode of your favorite serial."
[49] ZoeChandler (Female): "Yeah, I suppose you're right. Also, he could carry on a conversation, unlike these hooligans."
[60] ZoeChandler (Female): "Wait, you're telling me he's got a copy of the Masked Marketeer? Why didn't you say so?"
[31] ZoeChandler (Female): "I'll take my stuff and head on back, I suppose. Grace is gonna be glaring knives at me. So I've got that to look forward to."
[80] Player: "Take care."
[16] Player: "I need you to clarify something for me."
[17] ZoeChandler (Female): "I'm great at clarifying."
[8] Player: "How are you even alive? "
[6] Player: "Are you a prisoner here?"
[10] Player: "There was something else, actually."
[81] Player: "I'll be back."
[9] ZoeChandler (Female): "I don't know. The vital processes that constitute the miracle of life are mysterious and unknowable."
[7] ZoeChandler (Female): "Uh, no? I insinuated myself into their company, see. And they didn't seem to mind one whit."
[18] ZoeChandler (Female): "I've got all the time in Halcyon."
[56] ZoeChandler (Female): "Oh, you mean around these guys? The marauders wouldn't hurt me. They love me. I'm practically their queen. Must be my natural charisma."
[64] Player: "I'm impressed. How'd you pull it off?"
[63] ZoeChandler (Female): "I may have bartered them a few boxes of Adrena-Time, but I'm sure that's got nothing to do with it."
