[2] ConstableReyes (Female): "Welcome to the Spacer's Choice Constabulary. We are Halcyon's leading brand in frontier justice."
[48] ConstableReyes (Female): "The office is running a promotion. Purchase three criminal investigations and the fourth one's free."
[21] ConstableReyes (Female): "Something to report?"
[28] Player: "If you need help with your marauder problem, I'm for hire."
[77] Player: "I've got some questions for you, if you don't mind."
[22] Player: "Goodbye."
[29] ConstableReyes (Female): "As a Spacer's Choice Constable, I am authorized to grant you legal authority toward apprehending wanted criminals."
[70] ConstableReyes (Female): "As long as your questions fall within acceptable margins of curiosity."
[30] ConstableReyes (Female): "Know how to carry yourself in a fight? I've got bounties out for these three marauders. "
[79] Player: "So who do you work for? Spacer's Choice or Edgewater?"
[83] Player: "Never mind."
[31] ConstableReyes (Female): "Cross 'em off and bring me their fingers. Just one per marauder, please. I'll dust off the old fingerprint roller."
[80] ConstableReyes (Female): "If this is the setup to a joke, you should know I've never found anything amusing in my life. "
[103] ConstableReyes (Female): "I don't serve Edgewater. Edgewater, and the entire region of Emerald Vale, serves Spacer's Choice."
[82] Player: "Thanks for your time."
[105] Player: "That sounds like slavery."
[108] ConstableReyes (Female): "Careful, stranger. Talk like that comes dangerously close to sedition."
[104] Player: "Who does Spacer's Choice answer to?"
[109] ConstableReyes (Female): "Spacer's Choice is a wholly owned subsidiary of Universal Defense Logistics, which occupies a seat on the Halcyon Holdings Corporation."
[110] ConstableReyes (Female): "Also known as the Board. I must admit, it bothers me that you don't already know this."
[106] Player: "So you're basically a bureaucrat."
[107] ConstableReyes (Female): "Flattery won't get you anywhere with me. The bureaucracy is a noble profession, but not all of us are gifted enough to serve in it."
[111] Player: "There was one other thing."
